

Reza Ghafouri – Teaching Fellow in Faculty of Architecture

Reza Ghafouri was born in Bandar Abbas, Iran. He holds his Master's degree in Architecture by Azad University of West Tehran in 2014. Prior to this, he completed his Associate's and Bachelor's degree in Architecture at Azad University of Abhar and Bandar Abbas respectively. After his B.S graduation, he moved to Tehran and started working as an architect with "Design Core 4th Space Consulting Engineers (DC4s)" in 2007. Later, he joined "Bam Citadel of Kerman Consulting Engineers" in 2011 and "Marz Design Studio" in 2015. He also had short term collaborations as an architect with governmental organization and private companies containing "Zamin-Sang Construction Company" in 2002, "Organization for Development, Renovation and Equipping of Schools of Hormozgan" in 2009 and "Khak-Khesht-Sara consulting Engineers" in 2010.

Besides working professionally, he also is active in academic fields focusing on his main interests related to design and fabrication as a university lecturer at "Azad University of Bandar Abbas", "SAMA Technical college" and "Shahid Korani Technical University" where he has conducted design studios, material and construction courses and fabrication workshops. His interests also included in investigating the relationship between architecture and the city as a public realm and context-based architectural design. Moreover, he is a registered architect in Iran by "Iranian Construction Engineering Organization". He has commenced his own practice at "Design Network Studio" and some of his recent projects are under construction in Bandar Abbas. Currently, he has been selected as a Teaching Fellow and will teach in the Department of Architecture at CEPT University.
