Data Collection Techniques for Road Asset Management : Recent Trends

Dr. Pradeep Kumar

Senior Principal Scientist,
CRRI Delhi

About the Speaker:

Dr. Pradeep Kumar has done Post-graduation in Science (M.Sc.) and Instrumentation Engineering (M.Phil.) and a doctorate (Ph.D.) in Geomatics Engineering. He is the key person for successful implementation of modern pavement evaluation technologies in India mainly the Network Survey Vehicle System, first time in the country for road inventory and pavement condition monitoring of road network.

Session highlights:

The proposed talk strives to share the non-destructive testing techniques for pavement evaluation, road maintenance systems, and management.
