

CEPT University Library

Advancing knowledge, research and discourse on architecture and built environment.

The CEPT University library has one of the finest collections of resources on architecture and built environment in the country. With more than 50,000 resources which include books, journals, theses, documents, maps, students' reports and E-learning resources, it is an important centre of knowledge for students, teachers and researchers from across the country.

Over the past few years, the CEPT library has expanded its role and turned into a hub of activities. It hosts book launches, exhibitions, and film screenings to connect audiences with the vast knowledge resources.
