

Registration Spring Semester – 2013 - FAQs

1. What should I do if I cannot access the software using my cept id?

- A. Please contact Rema (ug.office@cept.ac.in) or Kalpana (pg.office@cept.ac.in) , they will provide you your email id.

2. I cannot see the entire screen on my system, what should I do?

- A. Please note that your screen resolution would be different from the resolution of the software design. Please press control and scroll down, this should solve the problem.

3. I don't see the courses I selected on the time table.

- A. You may not have saved your selection. Please save your selection and open the time table again.

4. Can I change the courses once selected after saving?

- Yes, you can change your selection as many times you want before registering for the courses.

5. Am I required to be present at CEPT for registration?

- A. No, the system is online and you can register from anywhere with web access.

6. Do I get all the courses I select?

- A. No, it is a lottery system and you would be allotted courses based on your preference.

7. How many credits I can register for?

- A. You can register for maximum 24 credits, however you can select maximum 30 credits.

8. Can I change courses after I register?

- A. No you cant change courses after you register.

9. When would I know about the courses I got selected for?

- A. You would be informed on 26th December about the courses you got selected for. Your time table would update automatically once the lottery is finished.

10. Does the software check prerequisites?

- A. No, the software does not check the prerequisites.

11. Does the software check time clashes?

- A. Yes, the software checks time clashes and would not let you select courses with time clash.

12. Does the software let me select elective courses with clash in timings?

- A. Yes, the software lets you select only elective courses with time clashes. However, you would get either one of the electives or none based on the lottery.
